

D Radhakrishna

Former-Chairman,
Tripura Electricity Regulatory Commission

D. Radhakrishna is a distinguished authority in the energy sector, boasting nearly 42 years of comprehensive experience across coal, oil, power, and renewable energy. His extensive career includes significant roles in both public and private entities.

He is a Lifetime Member of the World Energy Council, reflecting his dedication to the global energy community. D. Radhakrishna has previously held pivotal positions at the Madhya Pradesh State Electricity Board (MPSEB) and Adani Group, among other private entities.

His was appointed as the Chairman of the Tripura Electricity Regulatory Commission and the Appellate Tribunal of State RERA. He also served as the Secretary General of the Indian Biomass Power Association, where he championed biomass energy initiatives. A pioneer in establishing India's First Power Exchange, he has played a key role in pushing policies for promoting renewable energy. He also served as the Chairperson of the Forum of Regulators for the Eastern and Northeastern states, a body comprising 11 states in these regions.

D. Radhakrishna's professional journey is marked by significant contributions to power sector reforms, the development of Tariff Equalization concepts, and advisory roles for various industry associations. Notably, he has supported sugar plants in optimizing power generation during crises.

A prolific writer and speaker, he regularly contributes to discussions on power sector policies, tariff design, and regulatory issues. His appointment as one of the few engineers to chair a Regulatory Commission highlights his unique blend of technical expertise and regulatory insight.
